FBI agents raided four Florida offices of a subsidiary of PolyMedica Corp., the nation's largest distributor of diabetes home-testing kits, which has acknowledged it is the target of a federal probe.

FBI spokeswoman Judy Orihuela said about 85 agents raided two offices of Liberty Medical Supply in Palm City and one each in Port St. Lucie and Stuart. She said the search warrant was sealed, and she declined to provide details about what authorities were after, other than to say company officials were cooperating.
